EVERY LINE OF
—BUSINESS—
 CALLS FOR
 INTELLIGENT ADVERTISING.

Eye-catching Advertising caters to a chance trade, whose eyes are wandering.

BUSINESSLIKE Advertising puts its display where it will be seen by those LOOKING for the message it bears.

IF YOU WANT TO KNOW

The meaning of a word, **WHERE DO YOU LOOK?** IN THE DICTIONARY.

Who sells what you want to buy,
IN THE DIRECTORY.

A directory is **ON THE JOB** 365 days in the year, and he who looks therein does so because he

WANTS SOMETHING.

The Price & Lee Co.

DIRECTORY PUBLISHERS,

19 Congress Avenue, - New Haven, Conn.

The difference between

Reference and

Creative media

is their direction

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

Reference Advertising

ONE year is the life of a City Directory. Every day in that year thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

Dear Sir:-

Many thanks for your esteemed favor of Sept. 23rd. and your good will toward us in offering to furnish a Newark City Directory for use in our Directory Library.

Our Library comprises 250 directories and is located in the center of the Chamber right near the information desk. This desk supplies information to upwards of 1000 people daily, all of whom are familiar with the Directory Library and many of whom make valuable use of it. We consider this one of the most important services that we render the general public; and inasmuch as San Diego is the "Birthplace of California" the place where western civilization began, this city is naturally a mecca for tourists as a consequence of which our information bureau and our directory library are of relatively greater use than they would be in any similar organization on the entire Pacific Coast.

We will therefore greatly appreciate having a copy of your directory and you may be sure that it will always be readily available to the general public.

Respectfully yours,

Executive Secretary.

IF there is a possible circulation of upwards of a thousand people daily in San Diego, California, what must the circulation be at intermediate points?

Directory libraries are maintained in all principal cities.

The Price & Lee Company,
224 Market Street,
Newark, N. J.

Gentlemen:-

In reply to your request for suggestions which would increase the value of the Newark City Directory, beg to advise that we have found your past issue about as perfect as a directory can be made.

It will no doubt be of interest to you to know that the classified business directory is referred to many times a day in this office, and while it is complete the information contained therein is necessarily so lacking in detail that probably the most valuable section of the book is the classified advertising in the front section.

We have many kinds of manufacturers. Some make a standardized article, while others accept contracts to manufacture on specifications. The only place where this distinction can be found conveniently is in the advertising section of your book. It would also be a benefit if manufacturers advertising in this section would show pictures of the articles they make so far as possible. The best advertisements of this nature are those which fully describe the services or products of an industry in the City Directory, which is the first place to which a man turns to find such information.

With best wishes for the 1920 directory, we are,

Yours very truly,
THE BOARD OF TRADE OF THE CITY OF NEWARK

Secretary.

Reference Advertising

ONE year is the life of a City Directory. Every day in that year thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.
